

PROJECT APPROVAL

This is to certify that the thesis entitled "**Comparative Study of Mechanistic Behavioral Analysis for Flexible Pavement Using Finite Element Modelling**" submitted by Md. Shariful Islam, M Irteza Alam, and Shadab Morshed Khan has been approved as partial fulfillment of the requirement for the Degree Bachelor of Science in Civil Engineering at Islamic University of Technology (IUT).

Supervisor

Dr. Nazmus Sakib

Assistant Professor

Department of Civil and Environmental Engineering (CEE)

Islamic University of Technology (IUT)

Board Bazar, Gazipur-1704, Bangladesh

DECLARATION

We hereby certify that the undergraduate research work reported in this thesis has been performed by us under adept supervision of Dr. Nazmus Sakib. Appropriate precautions have been taken to ensure that the work is original. This work has not been plagiarized and submitted elsewhere for any other purpose (except for publication).
